

AKASHX TRADE ALERTS

1. A Trade Alert push notification comes in
2. Open the Akashx app and click on Trade Alerts at the bottom
3. At the bottom left, you'll see "Created", and it's important that it doesn't show more than 5 minutes.
4. Click on "Open Alert", and the lower window will open
5. Here you can see the Entry Price, Stop Loss, and Take Profit
6. If there are multiple Take Profits, use the last one
7. Now go to TradeLocker and select the currency pair shown at the top left (example from the screenshot: CAD/JPY)
8. To enter the trade, click the arrow at the bottom right in TradeLocker
